

Senate Bill No. 368

CHAPTER 471

An act to amend Sections 319, 361, 706.5, 709, 726, 4512, 4514, 4646, 4646.5, 4648, 4701.6, 4726, and 5328, of the Welfare and Institutions Code, relating to developmental services.

[Approved by Governor October 4, 2011. Filed with
Secretary of State October 4, 2011.]

LEGISLATIVE COUNSEL'S DIGEST

SB 368, Liu. Developmental services: decisionmaking.

Existing law authorizes a peace officer, without a warrant, to take into temporary custody a minor when the officer has reasonable cause for believing that the minor is in danger, as specified. Existing law provides for a hearing process to deem the child a dependent child of the court. Under existing law, during the hearing process the court is authorized to temporarily limit the right of a parent or guardian to make educational decisions for the child and to temporarily appoint, or make itself, these decisions, as specified. Under existing law, once the minor is adjudged a dependent child of the court, the court may limit the ability of a parent or guardian to make educational decisions for the minor.

This bill would authorize the court to limit the right of a parent or guardian to make decisions about developmental services and to appoint a responsible adult, or to make itself, those decisions, as specified.

Under existing law, a minor may be adjudged a ward of the court for specified reasons. The court may limit the control to be exercised over the ward by a parent or guardian, including educational decisionmaking, and appoint a responsible adult, as specified, to make those decisions.

This bill would extend those provisions to decisions relating to developmental services.

Existing law authorizes, during the pendency of any juvenile proceeding, the minor's counsel or the court to express a doubt as to the minor's competency. Existing law requires proceedings to be suspended if the court finds substantial evidence raises a doubt as to the minor's competency. Existing law requires the court to appoint an expert, as specified, to evaluate whether the minor suffers from a mental disorder or developmental immaturity, or other condition and, if so, whether the condition impairs the minor's competency.

This bill would require that the court appoint an expert, as specified, to evaluate whether the minor suffers from a developmental disability. This bill would also require the court to appoint the director of a regional center for developmentally disabled individuals, or his or her designee, to evaluate

the minor if the expert believes the minor is developmentally disabled, as prescribed, and would make related changes.

Under existing law, the Lanterman Developmental Disabilities Services Act, the State Department of Developmental Services is authorized to contract with regional centers to provide support and services to individuals with developmental disabilities. The services and supports to be provided to a regional center consumer are contained in an individual program plan (IPP), developed in accordance with prescribed requirements through an individual program planning process. Existing law defines “authorized representative” for purposes of the act to include a person having legal custody of a minor claimant or a person with written authority to act as representative of the claimant.

This bill would add to the definition of “authorized representative” a responsible adult appointed through a court order made pursuant to the limitation of developmental services decisionmaking authority, as set forth above, and who does not have a conflict of interest, as defined. The bill would give a court-appointed developmental services decisionmaker the right to access the minor’s information, to participate in the IPP process, and to participate in the fair hearing process.

This bill would incorporate additional changes in Sections 4514 and 5328 of the Welfare and Institutions Code, proposed by SB 146, to be operative only if SB 146 and this bill are both chaptered and become effective on or before January 1, 2012, and this bill is chaptered last.

The people of the State of California do enact as follows:

SECTION 1. Section 319 of the Welfare and Institutions Code is amended to read:

319. (a) At the initial petition hearing, the court shall examine the child’s parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the child, the child’s parents or guardians, the petitioner, or their counsel desires to present. The court may examine the child, as provided in Section 350.

(b) The social worker shall report to the court on the reasons why the child has been removed from the parent’s physical custody, the need, if any, for continued detention, the available services and the referral methods to those services that could facilitate the return of the child to the custody of the child’s parents or guardians, and whether there are any relatives who are able and willing to take temporary physical custody of the child. The court shall order the release of the child from custody unless a prima facie showing has been made that the child comes within Section 300, the court finds that continuance in the parent’s or guardian’s home is contrary to the child’s welfare, and any of the following circumstances exist:

(1) There is a substantial danger to the physical health of the child or the child is suffering severe emotional damage, and there are no reasonable

means by which the child's physical or emotional health may be protected without removing the child from the parent's or guardian's physical custody.

(2) There is substantial evidence that a parent, guardian, or custodian of the child is likely to flee the jurisdiction of the court.

(3) The child has left a placement in which he or she was placed by the juvenile court.

(4) The child indicates an unwillingness to return home, if the child has been physically or sexually abused by a person residing in the home.

(c) If the matter is continued pursuant to Section 322 or for any other reason, the court shall find that the continuance of the child in the parent's or guardian's home is contrary to the child's welfare at the initial petition hearing or order the release of the child from custody.

(d) (1) The court shall also make a determination on the record, referencing the social worker's report or other evidence relied upon, as to whether reasonable efforts were made to prevent or eliminate the need for removal of the child from his or her home, pursuant to subdivision (b) of Section 306, and whether there are available services that would prevent the need for further detention. Services to be considered for purposes of making this determination are case management, counseling, emergency shelter care, emergency in-home caretakers, out-of-home respite care, teaching and demonstrating homemakers, parenting training, transportation, and any other child welfare services authorized by the State Department of Social Services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. The court shall also review whether the social worker has considered whether a referral to public assistance services pursuant to Chapter 2 (commencing with Section 11200) and Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 would have eliminated the need to take temporary custody of the child or would prevent the need for further detention.

(2) If the child can be returned to the custody of his or her parent or guardian through the provision of those services, the court shall place the child with his or her parent or guardian and order that the services shall be provided. If the child cannot be returned to the physical custody of his or her parent or guardian, the court shall determine if there is a relative who is able and willing to care for the child, and has been assessed pursuant to paragraph (1) of subdivision (d) of Section 309.

(e) If a court orders a child detained, the court shall state the facts on which the decision is based, specify why the initial removal was necessary, reference the social worker's report or other evidence relied upon to make its determination whether continuance in the home of the parent or legal guardian is contrary to the child's welfare, order temporary placement and care of the child to be vested with the county child welfare department pending the hearing held pursuant to Section 355 or further order of the court, and order services to be provided as soon as possible to reunify the child and his or her family if appropriate.

(f) (1) If the child is not released from custody, the court may order that the child shall be placed in the assessed home of a relative, in an emergency shelter or other suitable licensed place, in a place exempt from licensure designated by the juvenile court, or in the assessed home of a nonrelative extended family member as defined in Section 362.7 for a period not to exceed 15 judicial days.

(2) As used in this section, “relative” means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words “great,” “great-great,” or “grand,” or the spouse of any of these persons, even if the marriage was terminated by death or dissolution. However, only the following relatives shall be given preferential consideration for placement of the child: an adult who is a grandparent, aunt, uncle, or sibling of the child.

(3) The court shall consider the recommendations of the social worker based on the assessment pursuant to paragraph (1) of subdivision (d) of Section 309 of the relative’s home, including the results of a criminal records check and prior child abuse allegations, if any, prior to ordering that the child be placed with a relative. The court shall order the parent to disclose to the social worker the names, residences, and any known identifying information of any maternal or paternal relatives of the child. The social worker shall initiate the assessment pursuant to Section 361.3 of any relative to be considered for continuing placement.

(g) (1) At the initial hearing upon the petition filed in accordance with subdivision (c) of Rule 5.520 of the California Rules of Court or anytime thereafter up until the time that the minor is adjudged a dependent child of the court or a finding is made dismissing the petition, the court may temporarily limit the right of the parent or guardian to make educational or developmental services decisions for the child and temporarily appoint a responsible adult to make educational or developmental services decisions for the child if all of the following conditions are found:

(A) The parent or guardian is unavailable, unable, or unwilling to exercise educational or developmental services rights for the child.

(B) The county placing agency has made diligent efforts to locate and secure the participation of the parent or guardian in educational or developmental services decisionmaking.

(C) The child’s educational and developmental services needs cannot be met without the temporary appointment of a responsible adult.

(2) If the court cannot identify a responsible adult to make educational decisions for the child and the appointment of a surrogate parent, as defined in subdivision (a) of Section 56050 of the Education Code, is not warranted, the court may, with the input of any interested person, make educational decisions for the child. If the child is receiving services from a regional center, the provision of any developmental services related to the court’s decision must be consistent with the child’s individual program plan and pursuant to the provisions of the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)). If the court

cannot identify a responsible adult to make developmental services decisions for the child, the court may, with the input of the any interested person, make developmental services decisions for the child. If the court makes educational or developmental services decisions for the child, the court shall also issue appropriate orders to ensure that every effort is made to identify a responsible adult to make future educational or developmental services decisions for the child.

(3) Any temporary appointment of a responsible adult and temporary limitation on the right of the parent or guardian to make educational or developmental services decisions for the child shall be specifically addressed in the court order. Any order made under this section shall expire at the conclusion of the hearing held pursuant to Section 361 or upon dismissal of the petition. Upon the entering of disposition orders, any additional needed limitation on the parent's or guardian's educational or developmental services rights shall be addressed pursuant to Section 361.

(4) If the court appoints a developmental services decisionmaker pursuant to this section, he or she shall have the authority to access the child's information and records pursuant to subdivision (u) of Section 4514 and subdivision (y) of Section 5328, and to act on the child's behalf for the purposes of the individual program plan process pursuant to Sections 4646, 4646.5, and 4648 and the fair hearing process pursuant to Chapter 7 (commencing with Section 4700), and as set forth in the court order.

SEC. 2. Section 361 of the Welfare and Institutions Code is amended to read:

361. (a) In all cases in which a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over the dependent child by any parent or guardian and shall by its order clearly and specifically set forth all those limitations. Any limitation on the right of the parent or guardian to make educational or developmental services decisions for the child shall be specifically addressed in the court order. The limitations may not exceed those necessary to protect the child. If the court specifically limits the right of the parent or guardian to make educational or developmental services decisions for the child, the court shall at the same time appoint a responsible adult to make educational or developmental services decisions for the child until one of the following occurs:

(1) The minor reaches 18 years of age, unless the child chooses not to make educational or developmental services decisions for himself or herself, or is deemed by the court to be incompetent.

(2) Another responsible adult is appointed to make educational or developmental services decisions for the minor pursuant to this section.

(3) The right of the parent or guardian to make educational or developmental services decisions for the minor is fully restored.

(4) A successor guardian or conservator is appointed.

(5) The child is placed into a planned permanent living arrangement pursuant to paragraph (3) of subdivision (g) of Section 366.21, Section 366.22, or Section 366.26, at which time, for educational decisionmaking,

the foster parent, relative caretaker, or nonrelative extended family member as defined in Section 362.7, has the right to represent the child in educational matters pursuant to Section 56055 of the Education Code, and for decisions relating to developmental services, unless the court specifies otherwise, the foster parent, relative caregiver, or nonrelative extended family member of the planned permanent living arrangement has the right to represent the child in matters related to developmental services.

An individual who would have a conflict of interest in representing the child may not be appointed to make educational or developmental services decisions. For purposes of this section, “an individual who would have a conflict of interest,” means a person having any interests that might restrict or bias his or her ability to make educational or developmental services decisions, including, but not limited to, those conflicts of interest prohibited by Section 1126 of the Government Code, and the receipt of compensation or attorneys’ fees for the provision of services pursuant to this section. A foster parent may not be deemed to have a conflict of interest solely because he or she receives compensation for the provision of services pursuant to this section.

If the court is unable to appoint a responsible adult to make educational decisions for the child and paragraphs (1) to (5), inclusive, do not apply, and the child has either been referred to the local educational agency for special education and related services, or has a valid individualized education program, the court shall refer the child to the local educational agency for appointment of a surrogate parent pursuant to Section 7579.5 of the Government Code.

If the court cannot identify a responsible adult to make educational decisions for the child, the appointment of a surrogate parent as defined in subdivision (a) of Section 56050 of the Education Code is not warranted, and there is no foster parent to exercise the authority granted by Section 56055 of the Education Code, the court may, with the input of any interested person, make educational decisions for the child.

If the court appoints a developmental services decisionmaker pursuant to this section, he or she shall have the authority to access the child’s information and records pursuant to subdivision (u) of Section 4514 and subdivision (y) of Section 5328, and to act on the child’s behalf for the purposes of the individual program plan process pursuant to Sections 4646, 4646.5, and 4648 and the fair hearing process pursuant to Chapter 7 (commencing with Section 4700) of Division 4.5, and as set forth in the court order.

If the court cannot identify a responsible adult to make developmental services decisions for the child, the court may, with the input of any interested person, make developmental services decisions for the child. If the child is receiving services from a regional center, the provision of any developmental services related to the court’s decision must be consistent with the child’s individual program plan and pursuant to the provisions of the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)).

All educational and school placement decisions shall seek to ensure that the child is in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

(b) Subdivision (a) does not limit the ability of a parent to voluntarily relinquish his or her child to the State Department of Social Services or to a licensed county adoption agency at any time while the child is a dependent child of the juvenile court, if the department or agency is willing to accept the relinquishment.

(c) A dependent child may not be taken from the physical custody of his or her parents or guardian or guardians with whom the child resides at the time the petition was initiated, unless the juvenile court finds clear and convincing evidence of any of the following circumstances listed in paragraphs (1) to (5), inclusive, and, in an Indian child custody proceeding, paragraph (6):

(1) There is or would be a substantial danger to the physical health, safety, protection, or physical or emotional well-being of the minor if the minor were returned home, and there are no reasonable means by which the minor's physical health can be protected without removing the minor from the minor's parent's or guardian's physical custody. The fact that a minor has been adjudicated a dependent child of the court pursuant to subdivision (e) of Section 300 shall constitute prima facie evidence that the minor cannot be safely left in the physical custody of the parent or guardian with whom the minor resided at the time of injury. The court shall consider, as a reasonable means to protect the minor, the option of removing an offending parent or guardian from the home. The court shall also consider, as a reasonable means to protect the minor, allowing a nonoffending parent or guardian to retain physical custody as long as that parent or guardian presents a plan acceptable to the court demonstrating that he or she will be able to protect the child from future harm.

(2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366.26, the minor may be declared permanently free from their custody and control.

(3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward himself or herself or others, and there are no reasonable means by which the minor's emotional health may be protected without removing the minor from the physical custody of his or her parent or guardian.

(4) The minor or a sibling of the minor has been sexually abused, or is deemed to be at substantial risk of being sexually abused, by a parent, guardian, or member of his or her household, or other person known to his or her parent, and there are no reasonable means by which the minor can be protected from further sexual abuse or a substantial risk of sexual abuse

without removing the minor from his or her parent or guardian, or the minor does not wish to return to his or her parent or guardian.

(5) The minor has been left without any provision for his or her support, or a parent who has been incarcerated or institutionalized cannot arrange for the care of the minor, or a relative or other adult custodian with whom the child has been left by the parent is unwilling or unable to provide care or support for the child and the whereabouts of the parent is unknown and reasonable efforts to locate him or her have been unsuccessful.

(6) In an Indian child custody proceeding, continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child, and that finding is supported by testimony of a “qualified expert witness” as described in Section 224.6.

(A) Stipulation by the parent, Indian custodian, or the Indian child’s tribe, or failure to object, may waive the requirement of producing evidence of the likelihood of serious damage only if the court is satisfied that the party has been fully advised of the requirements of the Indian Child Welfare Act (25 U.S.C. Sec. 1901 et seq.), and has knowingly, intelligently, and voluntarily waived them.

(B) Failure to meet non-Indian family and child-rearing community standards, or the existence of other behavior or conditions that meet the removal standards of this section, will not support an order for placement in the absence of the finding in this paragraph.

(d) The court shall make a determination as to whether reasonable efforts were made to prevent or to eliminate the need for removal of the minor from his or her home or, if the minor is removed for one of the reasons stated in paragraph (5) of subdivision (c), whether it was reasonable under the circumstances not to make any of those efforts, or, in the case of an Indian child custody proceeding, whether active efforts as required in Section 361.7 were made and that these efforts have proved unsuccessful. The court shall state the facts on which the decision to remove the minor is based.

(e) The court shall make all of the findings required by subdivision (a) of Section 366 in either of the following circumstances:

(1) The minor has been taken from the custody of his or her parent or guardian and has been living in an out-of-home placement pursuant to Section 319.

(2) The minor has been living in a voluntary out-of-home placement pursuant to Section 16507.4.

SEC. 3. Section 706.5 of the Welfare and Institutions Code is amended to read:

706.5. (a) If placement in foster care is recommended by the probation officer, or where the minor is already in foster care placement or pending placement pursuant to an earlier order, the social study prepared by the probation officer that is received into evidence at disposition pursuant to Section 706 shall include a case plan, as described in Section 706.6. If the court elects to hold the first status review at the disposition hearing, the social study shall also include, but not be limited to, the factual material described in subdivision (c).

(b) If placement in foster care is not recommended by the probation officer prior to disposition, but the court orders foster care placement, the court shall order the probation officer to prepare a case plan, as described in Section 706.6, within 30 days of the placement order. The case plan shall be filed with the court.

(c) At each status review hearing, the social study shall include, but not be limited to, an updated case plan as described in Section 706.6 and the following information:

(1) The continuing necessity for and appropriateness of the placement.

(2) The extent of the probation department's compliance with the case plan in making reasonable efforts to safely return the minor to the minor's home or to complete whatever steps are necessary to finalize the permanent placement of the minor.

(3) The extent of progress that has been made by the minor and parent or guardian toward alleviating or mitigating the causes necessitating placement in foster care.

(4) If the first permanency planning hearing has not yet occurred, the social study shall include the likely date by which the minor may be returned to and safely maintained in the home or placed for adoption, appointed a legal guardian, permanently placed with a fit and willing relative, or referred to another planned permanent living arrangement.

(5) Whether the minor has been or will be referred to educational services and what services the minor is receiving, including special education and related services if the minor has exceptional needs as described in Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code or accommodations if the child has disabilities as described in Chapter 16 (commencing with Section 701) of Title 29 of the United States Code Annotated. The probation officer or child advocate shall solicit comments from the appropriate local education agency prior to completion of the social study.

(6) If the parent or guardian is unwilling or unable to participate in making an educational or developmental services decision for his or her child, or if other circumstances exist that compromise the ability of the parent or guardian to make educational or developmental services decisions for the child, the probation department shall consider whether the right of the parent or guardian to make educational or developmental services decisions for the minor should be limited. If the study makes that recommendation, it shall identify whether there is a responsible adult available to make educational or developmental services decisions for the minor pursuant to Section 726.

(d) At each permanency planning hearing, the social study shall include, but not be limited to, an updated case plan as described in Section 706.6, the factual material described in subdivision (c) of this section, and a recommended permanent plan for the minor.

SEC. 4. Section 709 of the Welfare and Institutions Code, as amended by Chapter 37 of the Statutes of 2011, is amended to read:

709. (a) During the pendency of any juvenile proceeding, the minor's counsel or the court may express a doubt as to the minor's competency. A minor is incompetent to proceed if he or she lacks sufficient present ability to consult with counsel and assist in preparing his or her defense with a reasonable degree of rational understanding, or lacks a rational as well as factual understanding, of the nature of the charges or proceedings against him or her. If the court finds substantial evidence raises a doubt as to the minor's competency, the proceedings shall be suspended.

(b) Upon suspension of proceedings, the court shall order that the question of the minor's competence be determined at a hearing. The court shall appoint an expert to evaluate whether the minor suffers from a mental disorder, developmental disability, developmental immaturity, or other condition and, if so, whether the condition or conditions impair the minor's competency. The expert shall have expertise in child and adolescent development, and training in the forensic evaluation of juveniles, and shall be familiar with competency standards and accepted criteria used in evaluating competence. The Judicial Council shall develop and adopt rules for the implementation of these requirements.

(c) If the minor is found to be incompetent by a preponderance of the evidence, all proceedings shall remain suspended for a period of time that is no longer than reasonably necessary to determine whether there is a substantial probability that the minor will attain competency in the foreseeable future, or the court no longer retains jurisdiction. During this time, the court may make orders that it deems appropriate for services, subject to subdivision (h), that may assist the minor in attaining competency. Further, the court may rule on motions that do not require the participation of the minor in the preparation of the motions. These motions include, but are not limited to, the following:

(1) Motions to dismiss.

(2) Motions by the defense regarding a change in the placement of the minor.

(3) Detention hearings.

(4) Demurrers.

(d) If the minor is found to be competent, the court may proceed commensurate with the court's jurisdiction.

(e) This section applies to a minor who is alleged to come within the jurisdiction of the court pursuant to Section 601 or 602.

(f) If the expert believes the minor is developmentally disabled, the court shall appoint the director of a regional center for developmentally disabled individuals described in Article 1 (commencing with Section 4620) of Chapter 5 of Division 4.5, or his or her designee, to evaluate the minor. The director of the regional center, or his or her designee, shall determine whether the minor is eligible for services under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)), and shall provide the court with a written report informing the court of his or her determination. The court's appointment of the director of the regional

center for determination of eligibility for services shall not delay the court's proceedings for determination of competency.

(g) An expert's opinion that a minor is developmentally disabled does not supersede an independent determination by the regional center whether the minor is eligible for services under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)).

(h) Nothing in this section shall be interpreted to authorize or require the following:

(1) The court to place a minor who is incompetent in a developmental center or community facility operated by the State Department of Developmental Services without a determination by a regional center director, or his or her designee, that the minor has a developmental disability and is eligible for services under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)).

(2) The director of the regional center, or his or her designee, to make determinations regarding the competency of a minor.

SEC. 5. Section 726 of the Welfare and Institutions Code is amended to read:

726. (a) In all cases in which a minor is adjudged a ward or dependent child of the court, the court may limit the control to be exercised over the ward or dependent child by any parent or guardian and shall in its order, clearly and specifically set forth all those limitations, but no ward or dependent child shall be taken from the physical custody of a parent or guardian, unless upon the hearing the court finds one of the following facts:

(1) That the parent or guardian is incapable of providing or has failed or neglected to provide proper maintenance, training, and education for the minor.

(2) That the minor has been tried on probation while in custody and has failed to reform.

(3) That the welfare of the minor requires that custody be taken from the minor's parent or guardian.

(b) Whenever the court specifically limits the right of the parent or guardian to make educational or developmental services decisions for the minor, the court shall at the same time appoint a responsible adult to make educational or developmental services decisions for the child until one of the following occurs:

(1) The minor reaches 18 years of age, unless the child chooses not to make educational or developmental services decisions for himself or herself, or is deemed by the court to be incompetent.

(2) Another responsible adult is appointed to make educational or developmental services decisions for the minor pursuant to this section.

(3) The right of the parent or guardian to make educational or developmental services decisions for the minor is fully restored.

(4) A successor guardian or conservator is appointed.

(5) The child is placed into a planned permanent living arrangement pursuant to paragraph (5) or (6) of subdivision (b) of Section 727.3, at which time, for educational decisionmaking, the foster parent, relative caretaker,

or nonrelative extended family member as defined in Section 362.7 has the right to represent the child in educational matters pursuant to Section 56055 of the Education Code, and for decisions relating to developmental services, unless the court specifies otherwise, the foster parent, relative caregiver, or nonrelative extended family member of the planned permanent living arrangement has the right to represent the child in matters related to developmental services.

An individual who would have a conflict of interest in representing the child, as specified under federal regulations, may not be appointed to make educational decisions. The limitations applicable to conflicts of interest for educational rights holders shall also apply to authorized representatives for developmental services decisions pursuant to subdivision (b) of Section 4701.6. For purposes of this section, “an individual who would have a conflict of interest,” means a person having any interests that might restrict or bias his or her ability to make educational or developmental services decisions, including, but not limited to, those conflicts of interest prohibited by Section 1126 of the Government Code, and the receipt of compensation or attorneys’ fees for the provision of services pursuant to this section. A foster parent may not be deemed to have a conflict of interest solely because he or she receives compensation for the provision of services pursuant to this section.

If the court is unable to appoint a responsible adult to make educational decisions for the child and paragraphs (1) to (5), inclusive, do not apply, and the child has either been referred to the local educational agency for special education and related services, or has a valid individualized education program, the court shall refer the child to the local educational agency for appointment of a surrogate parent pursuant to Section 7579.5 of the Government Code.

All educational and school placement decisions shall seek to ensure that the child is in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

If the court appoints a developmental services decisionmaker pursuant to this section, he or she shall have the authority to access the child’s information and records pursuant to subdivision (u) of Section 4514 and subdivision (y) of Section 5328, and to act on the child’s behalf for the purposes of the individual program plan process pursuant to Sections 4646, 4646.5, and 4648 and the fair hearing process pursuant to Chapter 7 (commencing with Section 4700) of Division 4.5, and as set forth in the court order.

(c) If the minor is removed from the physical custody of his or her parent or guardian as the result of an order of wardship made pursuant to Section 602, the order shall specify that the minor may not be held in physical confinement for a period in excess of the maximum term of imprisonment which could be imposed upon an adult convicted of the offense or offenses

which brought or continued the minor under the jurisdiction of the juvenile court.

As used in this section and in Section 731, “maximum term of imprisonment” means the longest of the three time periods set forth in paragraph (2) of subdivision (a) of Section 1170 of the Penal Code, but without the need to follow the provisions of subdivision (b) of Section 1170 of the Penal Code or to consider time for good behavior or participation pursuant to Sections 2930, 2931, and 2932 of the Penal Code, plus enhancements which must be proven if pled.

If the court elects to aggregate the period of physical confinement on multiple counts or multiple petitions, including previously sustained petitions adjudging the minor a ward within Section 602, the “maximum term of imprisonment” shall be the aggregate term of imprisonment specified in subdivision (a) of Section 1170.1 of the Penal Code, which includes any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1 of the Penal Code, and Section 11370.2 of the Health and Safety Code.

If the charged offense is a misdemeanor or a felony not included within the scope of Section 1170 of the Penal Code, the “maximum term of imprisonment” is the longest term of imprisonment prescribed by law.

“Physical confinement” means placement in a juvenile hall, ranch, camp, forestry camp or secure juvenile home pursuant to Section 730, or in any institution operated by the Youth Authority.

This section does not limit the power of the court to retain jurisdiction over a minor and to make appropriate orders pursuant to Section 727 for the period permitted by Section 607.

4512. As used in this division:

(a) “Developmental disability” means a disability that originates before an individual attains age 18 years, continues, or can be expected to continue, indefinitely, and constitutes a substantial disability for that individual. As defined by the Director of Developmental Services, in consultation with the Superintendent of Public Instruction, this term shall include mental retardation, cerebral palsy, epilepsy, and autism. The determination shall be made on the basis of the needs and preferences of

the consumer or, when appropriate, the consumer's family, and shall include consideration of a range of service options proposed by individual program plan participants, the effectiveness of each option in meeting the goals stated in the individual program plan, and the cost-effectiveness of each option. (III) Requires the parties to submit the stipulation to the administrative tribunal with jurisdiction over the adverse action at the earliest possible opportunity.

(2) For the purposes of this subdivision, the State Personnel Board may, prior to any appeal from adverse action being filed with it, issue a protective order, upon application by the appointing authority, for the limited purpose of prohibiting the parties from disclosing or using information or records for any purpose other than the proceeding for which the information or records were requested or provided, and to require the employee or the employee's legal representative to return to the appointing authority all records provided to them under this subdivision, including, but not limited to, all records and documents from any source containing confidential information protected by this section, and all copies of those records and documents, within 10 days of the date that the adverse action becomes final, except for the actual records and documents that are no longer in the possession of the employee or the employee's legal representatives because they were submitted to the administrative tribunal as a component of an appeal from the adverse action.

(II) Requires the employee and the employee's legal representative to return to the appointing authority all records provided to them under this subdivision, including, but not limited to, all records and documents or copies thereof that are no longer in the possession of the employee or the employee's legal representative because they were from any source containing confidential information protected by this section, and all copies of those records and documents, within 10 days of the date that the adverse action becomes final except for the actual records and documents submitted to the administrative tribunal as a component of an appeal from the adverse action.

(III) Requires the parties to submit the stipulation to the administrative tribunal with jurisdiction over the adverse action at the earliest possible opportunity.

(2) For the purposes of this subdivision, the State Personnel Board may, prior to any appeal from adverse action being filed with it, issue a protective order, upon application by the appointing authority, for the limited purpose of prohibiting the parties from disclosing or using information or records for any purpose other than the proceeding for which the information or records were requested or provided, and to require the employee or the employee's legal representative to return to the appointing authority all records provided to them under this subdivision, including, but not limited to, all records and documents from any source containing confidential information protected by this section, and all copies of those records and documents, within 10 days of the date that the adverse action becomes final, except for the actual records and documents that are no longer in the possession of the employee or the employee's legal representatives because they were submitted to the administrative tribunal as a component of an appeal from the adverse action.

(3) Individual identifiers, including, but not limited to, names, social security numbers, and hospital numbers, that are not necessary for the prosecution or defense of the adverse action, shall not be disclosed.

(4) All records, documents, or other materials containing confidential information protected by this section that have been submitted or otherwise disclosed to the administrative agency or other person as a component of an appeal from an adverse action shall, upon proper motion by the appointing authority to the administrative tribunal, be placed under administrative seal and shall not, thereafter, be subject to disclosure to any person or entity except upon the issuance of an order of a court of competent jurisdiction.

SEC. 8. Section 4646 of the Welfare and Institutions Code is amended to read:

4646. (a) It is the intent of the Legislature to ensure that the individual program plan and provision of services and supports by the regional center system is centered on the individual and the family of the individual with developmental disabilities and takes into account the needs and preferences of the individual and the family, where appropriate, as well as promoting community integration, independent, productive, and normal lives, and stable and healthy environments. It is the further intent of the Legislature to ensure that the provision of services to consumers and their families be effective in meeting the goals stated in the individual program plan, reflect the preferences and choices of the consumer, and reflect the cost-effective use of public resources.

(b) The individual program plan is developed through a process of individualized needs determination. The individual with developmental disabilities and, where appropriate, his or her parents, legal guardian or conservator, or authorized representative, shall have the opportunity to actively participate in the development of the plan.

(c) An individual program plan shall be developed for any person who, following intake and assessment, is found to be eligible for regional center services. These plans shall be completed within 60 days of the completion of the assessment. At the time of intake, the regional center shall inform the consumer and, where appropriate, his or her parents, legal guardian or conservator, or authorized representative, of the services available through the local area board and the protection and advocacy agency designated by the Governor pursuant to federal law, and shall provide the address and telephone numbers of those agencies.

(d) Individual program plans shall be prepared jointly by the planning team. Decisions concerning the consumer's goals, objectives, and services and supports that will be included in the consumer's individual program plan and purchased by the regional center or obtained from generic agencies shall be made by agreement between the regional center representative and the consumer or, where appropriate, the parents, legal guardian, conservator, or authorized representative at the program plan meeting.

(e) Regional centers shall comply with the request of a consumer, or where appropriate, the request of his or her parents, legal guardian, conservator, or authorized representative, that a designated representative receive written notice of all meetings to develop or revise his or her individual program plan and of all notices sent to the consumer pursuant to Section 4710. The designated representative may be a parent or family member.

(f) If a final agreement regarding the services and supports to be provided to the consumer cannot be reached at a program plan meeting, then a

subsequent program plan meeting shall be convened within 15 days, or later at the request of the consumer or, when appropriate, the parents, legal guardian, conservator, or authorized representative or when agreed to by the planning team. Additional program plan meetings may be held with the agreement of the regional center representative and the consumer or, where appropriate, the parents, legal guardian, conservator, or authorized representative.

(g) An authorized representative of the regional center and the consumer or, where appropriate, his or her parents, legal guardian, conservator, or authorized representative shall sign the individual program plan prior to its implementation. If the consumer or, where appropriate, his or her parents, legal guardian, conservator, or authorized representative, does not agree with all components of the plan, he or she may indicate that disagreement on the plan. Disagreement with specific plan components shall not prohibit the implementation of services and supports agreed to by the consumer or, where appropriate, his or her parents, legal guardian, conservator, or authorized representative. If the consumer or, where appropriate, his or her parents, legal guardian, conservator, or authorized representative, does not agree with the plan in whole or in part, he or she shall be sent written notice of the fair hearing rights, as required by Section 4701.

SEC. 9. Section 4646.5 of the Welfare and Institutions Code, as amended by Chapter 37 of the Statutes of 2011, is amended to read:

For children with developmental disabilities, this process should include a review of the strengths, preferences, and needs of the child and the family unit as a whole. Assessments shall be conducted by qualified individuals and performed in natural environments whenever possible. Information shall be taken from the consumer, his or her parents and other family members, his or her friends, advocates, authorized representative, if applicable, providers of services and supports, and other agencies. These objectives shall be stated in terms that allow measurement of progress or monitoring of service delivery. These goals and objectives should maximize opportunities for the consumer to develop relationships, be part of community life in the areas of community participation, housing, work, school, and leisure, increase control over his or her life, acquire increasingly positive roles in community life, and develop competencies to help accomplish these goals.

(3) When developing individual program plans for children, regional centers shall be guided by the principles, process, and services and support parameters set forth in Section 4685.

(4) A schedule of the type and amount of services and supports to be purchased by the regional center or obtained from generic agencies or other resources in order to achieve the individual program plan goals and objectives, and identification of the provider or providers of service responsible for attaining each objective, including, but not limited to, vendors, contracted providers, generic service agencies, and natural supports. The individual program plan shall specify the approximate scheduled start date for services and supports and shall contain timelines for actions necessary to begin services and supports, including generic services.

(5) When agreed to by the consumer, the parents, legally appointed guardian, or authorized representative of a minor consumer, or the legally appointed conservator of an adult consumer or the authorized representative, including those appointed pursuant to subdivision (d) of Section 4548, subdivision (b) of Section 4701.6, and subdivision (e) of Section 4705, a review of the general health status of the adult or child including a medical, dental, and mental health needs shall be conducted. Documentation of health status and referrals shall be made in the consumer's record by the service coordinator.

(6) (A) The development of a transportation access plan for a consumer when all of the following conditions are met:

(i) The regional center is purchasing private, specialized transportation services or services from a residential, day, or other provider, excluding vouchered service providers, to transport the consumer to and from day or work services.

(ii) The planning team has determined that a consumer's community integration and participation could be safe and enhanced through the use of public transportation services.

(iii) The planning team has determined that generic transportation services are available and accessible.

(B) To maximize independence and community integration and participation, the transportation access plan shall identify the services and supports necessary to assist the consumer in accessing public transportation and shall comply with Section 4648.35. These services and supports may include, but are not limited to, mobility training services and the use of transportation aides. Regional centers are encouraged to coordinate with local public transportation agencies.

within the times specified, and that consumers and families are satisfied with the individual program plan and its implementation.

(b) For all active cases, individual program plans shall be reviewed and modified by the planning team, through the process described in Section 4646, as necessary, in response to the person's achievement or changing needs, and no less often than once every three years. If the consumer or, where appropriate, the consumer's parents, legal guardian, authorized representative, or conservator requests an individual program plan review, the individual program shall be reviewed within 30 days after the request is submitted.

(c) (1) The department, with the participation of representatives of a statewide consumer organization, the Association of Regional Center Agencies, an organized labor organization representing service coordination staff, and the Organization of Area Boards shall prepare training material and a standard format and instructions for the preparation of individual program plans, which embodies an approach centered on the person and family.

(2) Each regional center shall use the training materials and format prepared by the department pursuant to paragraph (1).

(3) The department shall biennially review a random sample of individual program plans at each regional center to assure that these plans are being developed and modified in compliance with Section 4646 and this section.

SEC. 10. Section 4648 of the Welfare and Institutions Code is amended to read:

4648. In order to achieve the stated objectives of a consumer's individual program plan, the regional center shall conduct activities, including, but not limited to, all of the following:

(a) Securing needed services and supports.

(1) It is the intent of the Legislature that services and supports assist individuals with developmental disabilities in achieving the greatest self-sufficiency possible and in exercising personal choices. The regional center shall secure services and supports that meet the needs of the consumer, as determined in the consumer's individual program plan, and within the context of the individual program plan, the planning team shall give highest preference to those services and supports which would allow minors with developmental disabilities to live with their families, adult persons with developmental disabilities to live as independently as possible in the community, and that allow all consumers to interact with persons without disabilities in positive, meaningful ways.

(2) In implementing individual program plans, regional centers, through the planning team, shall first consider services and supports in natural community, home, work, and recreational settings. Services and supports shall be flexible and individually tailored to the consumer and, where appropriate, his or her family.

(3) A regional center may, pursuant to vendorization or a contract, purchase services or supports for a consumer from any individual or agency which the regional center and consumer or, where appropriate, his or her

parents, legal guardian, or conservator, or authorized representatives, determines will best accomplish all or any part of that consumer's program plan.

(A) Vendorization or contracting is the process for identification, selection, and utilization of service vendors or contractors, based on the qualifications and other requirements necessary in order to provide the service.

(B) A regional center may reimburse an individual or agency for services or supports provided to a regional center consumer if the individual or agency has a rate of payment for vendored or contracted services established by the department, pursuant to this division, and is providing services pursuant to an emergency vendorization or has completed the vendorization procedures or has entered into a contract with the regional center and continues to comply with the vendorization or contracting requirements. The director shall adopt regulations governing the vendorization process to be utilized by the department, regional centers, vendors and the individual or agency requesting vendorization.

(C) Regulations shall include, but not be limited to: the vendor application process, and the basis for accepting or denying an application; the qualification and requirements for each category of services that may be provided to a regional center consumer through a vendor; requirements for emergency vendorization; procedures for termination of vendorization; the procedure for an individual or an agency to appeal any vendorization decision made by the department or regional center.

(D) A regional center may vendorize a licensed facility for exclusive services to persons with developmental disabilities at a capacity equal to or less than the facility's licensed capacity. A facility already licensed on January 1, 1999, shall continue to be vendorized at their full licensed capacity until the facility agrees to vendorization at a reduced capacity.

(E) Effective July 1, 2009, notwithstanding any other provision of law or regulation to the contrary, a regional center shall not newly vendor a State Department of Social Services licensed 24-hour residential care facility with a licensed capacity of 16 or more beds, unless the facility qualifies for receipt of federal funds under the Medicaid Program.

(4) Notwithstanding subparagraph (B), a regional center may contract or issue a voucher for services and supports provided to a consumer or family at a cost not to exceed the maximum rate of payment for that service or support established by the department. If a rate has not been established by the department, the regional center may, for an interim period, contract for a specified service or support with, and establish a rate of payment for, any provider of the service or support necessary to implement a consumer's individual program plan. Contracts may be negotiated for a period of up to three years, with annual review and subject to the availability of funds.

(5) In order to ensure the maximum flexibility and availability of appropriate services and supports for persons with developmental disabilities, the department shall establish and maintain an equitable system of payment to providers of services and supports identified as necessary to the

implementation of a consumers' individual program plan. The system of payment shall include provision for a rate to ensure that the provider can meet the special needs of consumers and provide quality services and supports in the least restrictive setting as required by law.

(6) The regional center and the consumer, or where appropriate, his or her parents, legal guardian, conservator, or authorized representative, including those appointed pursuant to subdivision (d) of Section 4548, subdivision (b) of Section 4701.6, or subdivision (e) of Section 4705, shall, pursuant to the individual program plan, consider all of the following when selecting a provider of consumer services and supports:

(A) A provider's ability to deliver quality services or supports which can accomplish all or part of the consumer's individual program plan.

(B) A provider's success in achieving the objectives set forth in the individual program plan.

(C) Where appropriate, the existence of licensing, accreditation, or professional certification.

(D) The cost of providing services or supports of comparable quality by different providers, if available, shall be reviewed, and the least costly available provider of comparable service, including the cost of transportation, who is able to accomplish all or part of the consumer's individual program plan, consistent with the particular needs of the consumer and family as identified in the individual program plan, shall be selected. In determining the least costly provider, the availability of federal financial participation shall be considered. The consumer shall not be required to use the least costly provider if it will result in the consumer moving from an existing provider of services or supports to more restrictive or less integrated services or supports.

(E) The consumer's choice of providers, or, where appropriate, the consumer's parent's, legal guardian's, authorized representative's, or conservator's choice of providers.

(7) No service or support provided by any agency or individual shall be continued unless the consumer or, where appropriate, his or her parents, legal guardian, or conservator, or authorized representative, including those appointed pursuant to subdivision (d) of Section 4548, subdivision (b) of Section 4701.6, or subdivision (e) of Section 4705, is satisfied and the regional center and the consumer or, when appropriate, the person's parents or legal guardian or conservator agree that planned services and supports have been provided, and reasonable progress toward objectives have been made.

(8) Regional center funds shall not be used to supplant the budget of any agency which has a legal responsibility to serve all members of the general public and is receiving public funds for providing those services.

(9) (A) A regional center may, directly or through an agency acting on behalf of the center, provide placement in, purchase of, or follow-along services to persons with developmental disabilities in, appropriate community living arrangements, including, but not limited to, support service for consumers in homes they own or lease, foster family placements, health

care facilities, and licensed community care facilities. In considering appropriate placement alternatives for children with developmental disabilities, approval by the child's parent or guardian shall be obtained before placement is made.

(B) Effective July 1, 2012, notwithstanding any other provision of law or regulation to the contrary, a regional center shall not purchase residential services from a State Department of Social Services licensed 24-hour residential care facility with a licensed capacity of 16 or more beds. This prohibition on regional center purchase of residential services shall not apply to either of the following:

(i) A residential facility with a licensed capacity of 16 or more beds that has been approved to participate in the department's Home and Community Based Services Waiver or another existing waiver program or certified to participate in the Medi-Cal program.

(ii) A residential facility service provider that has a written agreement and specific plan prior to July 1, 2012, with the vendoring regional center to downsize the existing facility by transitioning its residential services to living arrangements of 15 beds or less or restructure the large facility to meet federal Medicaid eligibility requirements on or before June 30, 2013.

(C) Each person with developmental disabilities placed by the regional center in a community living arrangement shall have the rights specified in this division. These rights shall be brought to the person's attention by any means necessary to reasonably communicate these rights to each resident, provided that, at a minimum, the Director of Developmental Services prepare, provide, and require to be clearly posted in all residential facilities and day programs a poster using simplified language and pictures that is designed to be more understandable by persons with cognitive disabilities and that the rights information shall also be available through the regional center to each residential facility and day program in alternative formats, including, but not limited to, other languages, braille, and audio tapes, when necessary to meet the communication needs of consumers.

(D) Consumers are eligible to receive supplemental services including, but not limited to, additional staffing, pursuant to the process described in subdivision (d) of Section 4646. Necessary additional staffing that is not specifically included in the rates paid to the service provider may be purchased by the regional center if the additional staff are in excess of the amount required by regulation and the individual's planning team determines the additional services are consistent with the provisions of the individual program plan. Additional staff should be periodically reviewed by the planning team for consistency with the individual program plan objectives in order to determine if continued use of the additional staff is necessary and appropriate and if the service is producing outcomes consistent with the individual program plan. Regional centers shall monitor programs to ensure that the additional staff is being provided and utilized appropriately.

(10) Emergency and crisis intervention services including, but not limited to, mental health services and behavior modification services, may be provided, as needed, to maintain persons with developmental disabilities in

the living arrangement of their own choice. Crisis services shall first be provided without disrupting a person's living arrangement. If crisis intervention services are unsuccessful, emergency housing shall be available in the person's home community. If dislocation cannot be avoided, every effort shall be made to return the person to his or her living arrangement of choice, with all necessary supports, as soon as possible.

(11) Among other service and support options, planning teams shall consider the use of paid roommates or neighbors, personal assistance, technical and financial assistance, and all other service and support options which would result in greater self-sufficiency for the consumer and cost-effectiveness to the state.

(12) When facilitation as specified in an individual program plan requires the services of an individual, the facilitator shall be of the consumer's choosing.

(13) The community support may be provided to assist individuals with developmental disabilities to fully participate in community and civic life, including, but not limited to, programs, services, work opportunities, business, and activities available to persons without disabilities. This facilitation shall include, but not be limited to, any of the following:

(A) Outreach and education to programs and services within the community.

(B) Direct support to individuals which would enable them to more fully participate in their community.

(C) Developing unpaid natural supports when possible.

(14) Other services and supports may be provided as set forth in Sections 4685, 4686, 4687, 4688, and 4689, when necessary.

(15) Notwithstanding any other provision of law or regulation to the contrary, effective July 1, 2009, regional centers shall not purchase experimental treatments, therapeutic services, or devices that have not been clinically determined or scientifically proven to be effective or safe or for which risks and complications are unknown. Experimental treatments or therapeutic services include experimental medical or nutritional therapy when the use of the product for that purpose is not a general physician practice. For regional center consumers receiving these services as part of their individual program plan (IPP) or individualized family service plan (IFSP) on July 1, 2009, this prohibition shall apply on August 1, 2009.

(b) (1) Advocacy for, and protection of, the civil, legal, and service rights of persons with developmental disabilities as established in this division.

(2) Whenever the advocacy efforts of a regional center to secure or protect the civil, legal, or service rights of any of its consumers prove ineffective, the regional center or the person with developmental disabilities or his or her parents, legal guardian, or other representative may request the area board to initiate action under the provisions defining area board advocacy functions established in this division.

(c) The regional center may assist consumers and families directly, or through a provider, in identifying and building circles of support within the community.

(d) In order to increase the quality of community services and protect consumers, the regional center shall, when appropriate, take either of the following actions:

(1) Identify services and supports that are ineffective or of poor quality and provide or secure consultation, training, or technical assistance services for any agency or individual provider to assist that agency or individual provider in upgrading the quality of services or supports.

(2) Identify providers of services or supports that may not be in compliance with local, state, and federal statutes and regulations and notify the appropriate licensing or regulatory authority, or request the area board to investigate the possible noncompliance.

(e) When necessary to expand the availability of needed services of good quality, a regional center may take actions that include, but are not limited to, the following:

(1) Soliciting an individual or agency by requests for proposals or other means, to provide needed services or supports not presently available.

(2) Requesting funds from the Program Development Fund, pursuant to Section 4677, or community placement plan funds designated from that fund, to reimburse the startup costs needed to initiate a new program of services and supports.

(3) Using creative and innovative service delivery models, including, but not limited to, natural supports.

(f) Except in emergency situations, a regional center shall not provide direct treatment and therapeutic services, but shall utilize appropriate public and private community agencies and service providers to obtain those services for its consumers.

(g) Where there are identified gaps in the system of services and supports or where there are identified consumers for whom no provider will provide services and supports contained in his or her individual program plan, the department may provide the services and supports directly.

(h) At least annually, regional centers shall provide the consumer, his or her parents, legal guardian, conservator, or authorized representative a statement of services and supports the regional center purchased for the purpose of ensuring that they are delivered. The statement shall include the type, unit, month, and cost of services and supports purchased.
